ResidHydroTreat 2017 Highlights

The first international symposium on residue hydrotreating – ResidHydroTreat 2017 took place in Kuwait from 6th to 8th November under the patronage of His Excellency Mr. Issam Abdulmohsen Al-Marzooq. The symposium was held with kind support from Nizar Al-Adsani, Deputy Chairman & CEO, KPC; Mohammad Ghazi Al-Mutairi, CEO, KNPC and Hashem Sayed Hashem, CEO, KIPIC.

Organised by KNPC, the high-level symposium brought the world's leading licensors, catalyst manufacturers and other vendors together with regional and international refiners to discuss and share the latest advances, future trends, best practices and troubleshooting experiences in residue Hydrotreating.

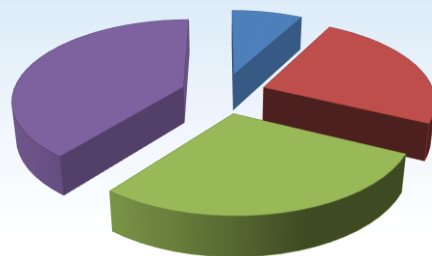

The Symposium discussed the new IMO regulations and highlighted importance of ARDS process in upgrading heavy petroleum oils and residues to more valuable clean transportation fuels and in partial conversion of the residues to produce low-sulfur fuel oil and hydrotreated feedstocks.

Keynote Speakers included Suleman A. Al-Bargan, Executive Director, Domestic Refining & NGL Fractionation for Saudi Aramco; Ebrahim Talib, Deputy Chief Executive at Bapco, Jean Sentenac, President & CEO of Axens; Ashok Krishna, VP Technology, Chevron and Board Member, ART and CLG; Süleyman Özmen, Vice President - Refining & Chemicals Licensing, Shell Global Solutions; Jim Rekoske, Vice President & Chief Technology Officer, Honeywell UOP and Andrew Inglis, Principal Consultant, Nexant. Other organisations presenting included KNPC, KIPIC, KISR, Total (France), ENI (Italy), Nghi Son Refinery & Petrochemical (Vietnam) and the leading international licensors and catalyst manufacturers.

RESIDHYDROTREAT 2017 TESTIMONIALS

"Highly Informative, well organized, not to miss symposium."

KUWAIT PETROLEUM INTERNATIONAL (KPI)

"Very interesting event to keep you updated with the latest trends on Residue Hydrotreating and to have the opportunity to share the relative experience of users around the globe." **ASPROFOS ENGINEERING**

"The first of its kind specialized conference in the region, which provided opportunity to meet industry experts, users and technology vendors and share experience on resid hydrotreating and the options to meet future IMO regulations." **BAPCO**

"Timely Conference! Real companies, discussing real issues. Liked the team spirit of everyone involved!" **FORTREC**

"The event was excellent and topics were to the point. Interaction and networking were remarkable. The Exhibition was an added value for networking." **KISR**

"A well chosen topic, very relevant for the industry. Very good attendance by relevant and knowledgeable people" **REACTOR RESOURCES**

"This conference is a first of its kind and allow all the people with similar issues, concerns and targets to get together and discuss how to improve for the future, especially with the new environmental constraints coming." **SHELL**
